

Local Parents Voice Approval Of Amidon

BY TOMMY THOMAS

How good is the Amidon System of teaching, now being experienced in Kempton Street Elementary School? The finest, according to many of the parents whose children are attending Kempton.

Many people with children attending Kempton Street Elementary School, recently have become alarmed that the school may lose the Amidon-System of teaching after this school year, according to Mrs. Mary Wade of 9122 Barneveld Ave. Also, Mrs. Wade pointed out, there has been too much publicity against the system, and not enough for it. She said there are petitions, signed by 219 persons, requesting the Amidon-System be put in effect at La Presa School, when it opens in mid-December.

Mrs. Wade, who is heartily in favor of Amidon, has a file on the subject. She said it has been written up in several magazines. The Star Magazine of Washington D. C., points out that the system has spread to all D. C. elementary schools and the junior high schools. Mrs. Wade said there are 70 major cities in the nation, using the system. Regarding Kempton School, Mrs. Wade said, "The school is implementing the Amidon program in spite of the hysteria going on in surrounding school communities."

Few Compliments

"This program is being done in a gradual manner, so it won't seem harsh or hasty. The staff is being very careful not to be too critical of the things that aren't working smoothly at this early date. Compliments are very few; most parents are supporting what the school is doing."

"It is too early for anyone to be a critic of the plan. It is different than what they have in Washington, D. C., just as this school area is different. These people are doing the program an injustice to try to compare Kempton to Washington schools."

"There are many good points in the Kempton program, but it is not being reported fairly by the press," Mrs. Wade added.

The Wades said they have been waiting since before school started to have their three children enrolled at Kempton, but the only way to get them in would be to change with a dissatisfied parent. None is available just now.

Program Favored

"It seems the administration is not clear on what its role is supporting this program. In other words, the people within the school area are in favor of this type of education; therefore the school board trustees put it in this school. Now the people who are in charge of implementing it into the school system are not carrying out their duties, and are vocally trying to undermine the program. If this system of basic education is in conflict with the existing educational programs, just what are the administrators trying to do to our children?" asks Mrs. Wade.

A few of the people have written statements of their feelings, and recently turned them over to Mrs. Wade, who in turn turned them over to this paper. Here are the statements.

Mr. and Mrs. Ray Hadley of Ruxton Rd., had this to say. "Amidon—yes, we are for the system 100 per cent. We feel at least our children will be taught as they should be. Our principal, Ted Doughty, is one in a million. (Mrs. Hadley) as a room mother I can personally

said this—he takes time out of his busy schedule to meet twice a month with our room mothers and if there are any questions or problems, he explains the 'whys and wherefores.' We feel our school is very fortunate to have such a man in charge of our school."

"We also feel he is due a public apology from the La Mesa-Spring Valley School Administration in print."

Discipline Needed

"Our children are extremely happy in school—and as to discipline—this is something that all parents should stand up for—this area has needed it very badly for some time."

"We also feel that the La Mesa-Spring Valley School Administrators should stop all this back-biting at our principal, our school and our system, until it has had an opportunity to prove itself."

Mr. and Mrs. J. C. Pool of 526 Feledita Ave., near Kempton School, are in agreement that the Amidon System of teaching is doing a lot for their two children; second and third graders. She said she and her husband have noticed the children's big advancement in discipline, reading, writing and many other facets of curriculum. She said the system is getting more actual work out of her youngsters than she noticed before.

Saving Papers

"I have been saving many of the papers my children bring home from school and am extremely pleased with their progress. Last year about all they did was coloring. My husband and I are thrilled to see our children learning for a change," said Mrs. Pool.

Mrs. Pool said she didn't think this is the time for anyone to evaluate the (Amidon) program at Kempton School. She

said they would like the administrators of the La Mesa-Spring Valley School District to "leave us alone" and give the system a chance to develop.

Pride Shown

Mrs. R. J. White of Orville St., commented, "After two months of having the Basic Education Plan at Kempton School, my reaction is one of pride. My daughter is showing pride in her work and eagerness over the homework assignments."

"She is very secure in her class because she knows what is expected of her by the teacher. She also knows approval will be given for her efforts. Previous to this she was confused because of a lack of direction in teaching. The children did not have specific assignments and were left to their own designs."

"We are fortunate to have the very best principal in the district and the finest staff of teachers anywhere in the county. The cooperation between the school and the home has been wonderful."

"There is no regimentation in the classrooms as our superintendent would like us to believe. I feel also that all outside interpretations of the plan should be stopped. The only qualified people who should be allowed to comment on the program are the principal, his staff and the parents involved. Outside petition carriers do not know what we are doing and any remarks made by them should be discounted."

Child Transferred

Mrs. Glenn (Neva) Kindred of Tyler St., remarked, "Thanks to a District Board ruling permitting equal exchange of pupils between schools within the district, I had the opportunity to transfer my first-grader to Kempton School three weeks

ago. The decision to transfer him was not an easy one, but it has proved to be a decision without regret."

"His progress since starting at Kempton has been more than satisfactory and his daily comments reflect his delight with his new school. He was having no problem learning in his former school that, in fact, was the problem—that he was not being offered nearly enough to keep him busy, nor hard enough to challenge him."

"He made top marks on all he was offered. Since going to Kempton he has been offered so much more, both in quantity and in challenge, and he has caught up with the class there and still makes top marks in everything. He likes the orderly way of doing things that is used in his room and is developing good study habits and pride in achievement by knowing what is required of him."

"I am particularly pleased with the strong emphasis placed on reading and the phonics approach used in teaching reading. In two weeks he read three books to catch up with the rest of the class. He did not memorize them; he learned the words well enough to recognize them anywhere. And he even learned to spell most of them orally."

Reading Emphasis

"I am a firm believer in the well-rounded program of teaching subject matter in an orderly fashion with strong emphasis on reading in the lower grades, which is now called 'basic education.' I believe in phonics, language, spelling, and penmanship for first grade and in teachers requiring children to be neat in writing, completing assignments and giving respect to their elders and consideration to their classmates. I believe that children are happier and

will learn more when they are given definite boundaries of conduct to guide them, and these rules are constantly enforced."

"I don't claim to be an authority on Amidon or Kempton's program. I am not prepared to give an opinion on the results of the program until it has been tested for a set period of time. Nor do I say whether anyone else's child would profit from the program as much as mine has. But I am qualified to speak for myself and my child in our part of the program and I can say I have never been more satisfied than I am right now. The atmosphere at the school is one of excitement and cooperation. The principal, the teachers and the parents I have met, have really made me feel welcome and I am glad to be a part of such a smoothly running partnership."

View Expressed

Mrs. D. E. Ehlertson of the Kempton area, said, "As a parent of a Kempton School student, I wish to express my view towards the program currently in effect. My son does his homework with enthusiasm and is anxious to reveal to me his progress. He enjoys the emphasis being placed on the basic subjects and is happier in school than ever before."

"The system should be given at least one school year before making any decision to terminate it. (If deemed necessary) I feel my son has shown definite improvement in the two months Amidon has been in effect."

Mrs. Willis Krings of Thayer St., said, "We have only one child in Kempton School this year; one other is in junior high school. But we are wholeheartedly in favor of giving the Amidon system a fair chance. We can see a marked improvement and increased interest in our child this year. Please give

us a fair chance. There are so many misconceptions of our school going around to the point that we say, 'let the other parents come to watch and listen.' Our children are being treated as children and nothing more. And our son is now beginning to learn how to round out his work."

Mr. and Mrs. R. L. Croy, of Jamacha Rd., were in agreement that, "As parents of three children in Kempton School, we feel the time has come to make a statement showing our faith in Mr. Doughty, the teachers and the Amidon-like plan at our school."

"Our children are receiving a well-rounded education and are happy at school. They show no frustrations from being expected to behave in the classrooms and enjoy doing their homework. We know that any questions or concerns regarding our children will be handled courteously and cooperatively by Mr. Doughty and his staff members."

"We beg that the LMSV School administrators and the press please release our school from the cloak of pressure surrounding it and let the job of education for our children be handled by our staff."

Mrs. Wade said these testimonials are but a few of the many that can be secured.

Glenn Murdock, superintendent of the La Mesa-Spring Valley School District, remarked, after hearing of the feelings of several parents regarding the Amidon-System:

"There should be no expansion of the program. The board of directors (of the La Mesa-Spring Valley School District) should study it carefully as to its strength and weaknesses, compared to the excellent program we have in the rest of the district."

15-Point Program In Amidon System

When the Amidon system went into operation at the beginning of the fall term, the board of directors of the La Mesa-Spring Valley School District set down a 15-point program.

1. A system of phonics should be taught in a scheduled period to pupils beginning at the kindergarten level. Words will be taught as words in the language lesson. Letters, syllables and accents will be stressed. In addition to other avenues of reading, the kinaesthetic method may be used. There will be emphasis on reading instruction.

2. Primary time will be programmed for these basic subjects: reading, writing, spelling, speech, arithmetic, science, geography and history. (evaluation of available textbooks for a speech program will be conducted)

3. These subjects will be taught in a direct and sequential order with basic State texts for each pupil. Such texts are to be springboards for imaginative teaching, enrichment, depth, and enthusiasm.

4. Whole class teaching will be used wherever possible, such as in phonovisual, social studies, mathematics, science and language. Special needs will be scheduled for small groups or individual attention. The teacher will instruct.

5. U. S. Geography will be taught systematically in the fourth grade, within the scope and sequences of the State Framework.

6. U. S. History will be taught systematically in the fifth grade, within the scope and sequence of the State Framework.

7. World Geography will be taught systematically in the sixth grade, within the scope and sequence of the State Framework.

8. Instruction will include preparation of papers to be checked carefully and returned to pupils for correction, so that teachers may be well informed as to pupils' progress.

9. Extensive instruction in speech and composition will be included in each grade level. This will include choral reading, memorization of poetry and creative writing.

10. "Formal grammar" principals will be started in the fourth grade as well as the structure of the sequence and as needed in the primary grade.

11. School behavioral procedures shall be developed and made available for all to understand.

12. School homework procedure shall be developed and made available for all to understand and shall be patterned after the prevailing Amidon procedure. (This will not only broaden the students' learning, but also will help to strengthen the relationship between the home and the school.)

13. Instructional programs in art and music, stressing subject content and knowledge as well as creativity, shall be given.

14. Attention will be given to the development of curriculum specifics in such form as flow charts for mathematics and English, with inclusion of more difficult material as pupils' progress permits.

15. In all cases the program shall comply with the requirements of the State Education Code regarding instructional programs and nothing in the preceding statements are to imply otherwise. Any material conflict with this program on basic education and Board Policy should be brought to the attention of the Board of Education by the administration so that said conflict may be resolved.

Are Your Taxes Lower?

All is not gloom that emanates from the office of the County Assessor. A comparatively small group of property owners in the East County area regards the office happily because they are enjoying a reduction in County taxes.

Most citizens have been so outdone by the scandal swirling about the assessor's office that they have lost track of a re-assessment the assessor performed in parts of Lemon Grove and Spring Valley last year.

As a result of those re-assessments, many property owners are enjoying a lower tax bill this year although it should be acknowledged that some property owners are paying a higher tax bill.

Wilson Thomson, acting chief of the real estate division for the assessor, said this week that those who are enjoying lower taxes are the ones who suffered severely the time of the 1959 re-assessment when assessments were raised here dramatically.

The '59 re-assessment came at the time of peak employment and peak rents in this area. The impact of the slowing down of Conair and the coming of the shopping centers had not yet arrived. Business firms couldn't find a vacancy in Lemon Grove and homes were at a premium in Spring Valley and Lemon Grove. Values are based on rental income and income is based on availability, so it is understandable why the assessor upped the values here.

Then came the "un-boom."

Conair laid workers off by thousands. Shopping centers opened nearby. Unemployed families lost their homes. Vacancies appeared in the business section. Property that was worth

When Pythias was sentenced to death in ancient Syracuse, his best friend, Damon, came to his aid. He took his place in prison so that Pythias could visit his family. This so touched Dionysius, the Tyrant, that he immediately pardoned Pythias.

George Bernard Shaw Play Opens At Old Globe Theatre Friday Night

George Bernard Shaw's comic barb at the sanctity of marriage is revealed in "Candida" opening Friday at the Old Globe Arena in Falstaff Tavern, Balboa Park.

The comedy, which begins at 8 p.m. is the first of a four play series at the Old Globe Arena. Other productions in the third season of plays in Falstaff Tavern include "The Caretaker" by Harold Pinter, "The Brass Butterfly" by William Golding and "Crime on Goat Island" by Ugo Betti.

Eleven performances of "Candida" will be staged through Nov. 21. Limited seating is available in the 200 seat Falstaff Tavern for the brief engagement.

Candida is the charming, attractive and gracious wife of a popular London minister. Together they befriend a sensitive and shy young poet. The romantic youth, Eugene Marchbanks, professes his love for the sympathetic older woman. Eugene denounces the cleric as being unworthy of her love, that he alone understands her true and noble nature.

The mature minister suppresses his desire to throw the boy out of the house. Instead, he admits to some truth in the accusation. A confrontation is arranged between Candida, her husband and the impressionable youth. Both men request Candida to choose between them, each willing to accept her decision.

Glass Washing Tips

Glasses in which beer is served should be washed with a detergent, salt or baking soda solution rather than soap. Soap leaves a film which detracts from taste and appearance. Instead of drying with a cloth, which leaves lint, you should dry beer glasses by turning upside down to drain and drip dry.

Christmas Seals Drive To Begin Here Monday

Designed to raise money to continue the fight against tuberculosis and other respiratory diseases, the 59th Annual Christmas Seal Campaign will open in San Diego county Monday, according to Dr. Amorita Treganza, Lemon Grove-Spring Valley area chairman of the Tuberculosis and Health Association of San Diego County.

The solicitation, by now as traditional in the Yuletide season as a sprig of red-berried holly, is made by mail only, and

the association hopes to raise \$165,000.

This money is expended in California, most of it in the county. Seven per cent is allocated for the National Tuberculosis Association, which produces most of the tools with which local associations work, he said.

Hoping to reach every household in the county, the Christmas Seals agency mailed 100,000 appeal letters on Nov. 4 and expects to have sent more than 200,000 by Nov. 15.

Dr. Treganza said the menace of tuberculosis has been underscored locally by the fact that the number of new cases in the county is increasing, reversing a more than 50-year-old downward trend.

"New cases dropped to a low of 113 in the county in 1961 but rose in 1962 to 130 and in 1963 went up to 146. In the first six months of 1964, 68 new cases were reported, and in the first six months of this year '65 were reported."

"Every contribution is important, and we solicit them earnestly," Dr. Treganza said.

Art Students Unit To Open Gallery

The Grossmont College Art Students League will open San Diego County's only college art rental gallery on Nov. 15 in the Student Center. Pat Wood, league vice-president and a spokesman for the group, said the idea was the result of a demand by both faculty and students. Rent by the month will be a nominal fee which may be applied towards the purchase of the piece of art.

Paintings, drawings, etchings, sculptures, and photographs may be rented. Pieces offered for rent will be screened and selected by a committee of art instructors, league members, and artists. The committee will also determine the sale price and rental charge for each piece offered.

All the art work will be by students of Grossmont College and will provide the opportunity for those interested in having the art of their choice in their homes, to get it.

Kiwanis Club To Install Officials

Frank Berger, president of the Spring Valley Kiwanis Club said this week that plans are in progress for the installation of officers for both the Kiwanis Club and the Kiwanianes, about Dec. 7. He said the ceremonies may take place at the Charcoal House in La Mesa, if it is available.

Don Erickson, manager of the Bank of America in south Spring Valley, a past-president of the S. V. Kiwanis Club, was guest speaker at the Nov. 3 meeting of the club. He spoke on an economic study of San Diego County, which takes in the years between 1940 and 1965. He said the population has increased from 289,000 to 1,200,000, and that personal incomes have increased from \$232 million to \$3 billion. The growth of San Diego presently is mostly in the northern part of the county and in and around Chula Vista, he pointed out.

Erickson said tourism is one of the main sources of income for San Diego County. A big factor in the county is the number of government employees. He said the county is fast becoming one of the biggest education centers of the nation and is one of the top 20 areas of agriculture in the state. To elaborate further, Erickson distributed booklets to Kiwanis mem-

Diabetes Detection Test To Be Given Here Sunday

Diabetes Detection Week opens in San Diego County Sunday, Nov. 14.

According to Mrs. W. G. Suber of Spring Valley, vice-president of the San Diego diabetes group, residents of Lemon Grove may take a free diabetes test at Lemon Grove Junior High School Auditorium, 7866 Lincoln Ave., Sunday, between 7 and 6 p.m. Mrs. Loretta Miller, school nurse, will supervise the detection center, assisted by volunteers from the Lemon Grove area.

The mass screening program to find a portion of the estimated 30,000 San Diego County residents who have diabetes and don't know it is being conducted by the San Diego Chapter of the Diabetes Association of Southern California under the sponsorship of the San Diego County Medical Society. A total of 28 county detection centers will be open during the Nov. 14-20 Diabetes Week.

Dr. James J. Norton of El Cajon, a medical advisor to the diabetes association, said an in-

crease in thirst, frequent urination, constant hunger, easy tiring and a loss in weight are some of the signs of diabetes. "Serious medical complications," Norton said, "can result from neglecting treatment of diabetes."

Norton advises eating a meal high in carbohydrates (sugar and starches) two hours before taking the free, simple diabetes test.

Persons not able to take a test Sunday at the Lemon Grove Junior High School, may call 234-6751 for the times, dates and locations of other detection centers which will be in operation throughout the Nov. 14-20 Diabetes Week.

Rotary Observes Foundation Week

Rotary International Foundation Week will be celebrated by Rotarians throughout the free world the week of 14 to 22 Nov. W. Earl Smart, President of the Lemon Grove Rotary Club, announced this week.

Commencing with an initial donation of \$709.92, Rotarians have to date contributed more than \$10,000.00 to the Foundation. More than 3,000 young college graduates throughout the world have benefited through fellowships from the Rotary Foundation.

Under existing rules, each Rotary District designates one fellowship recipient every other year for the recipient's advanced study at the University of his choice in any nation of the free world. Special fellowships are also granted for others of exceptional aptitude.

The DIMMER VIEW

Continued

\$40,000 in 1959 was worth less than \$35,000 in 1960. And values trailed off more as the years passed.

So last year, John McQuiken, the deceased assessor, sent his minions here for a re-evaluation. In December, McQuiken told his newspaper that "property assessments must be in proportion to values and surprising changes occur in a relatively brief period of time." He then explained that values locally had "plateaued", or leveled out and that many properties had actually decreased in value.

A property owner may now compare tax bills to know how the assessor viewed his property. As painful as it may be to learn that a property is not as valuable as it once was, this pain can be offset by the knowledge that maybe a hundred dollars can be saved this year on the tax bill.

Liberty Lobby Speaker In SD

Kevin Cullinane, research director of the non-partisan Liberty Lobby, will be in San Diego Thursday evening to speak on "What Happened to Congress and The Outlook for Next Year."

Cullinane represents the right-of-center national organization which boasts 165,000 members. The program will be at the Mission Valley Inn, Hotel Circle in the Mission Room at 8

p.m. State Senator Jack Schrade will also be on the program giving a "Report in Apportionment."

Cullinane has presented Liberty Lobby's views on pending legislation before various official committees of Congress fifteen times during the year, according to Col. Curtis B. Dall, chairman of the fast-growing Washington institution.

Col. Dall said that Liberty Lobby opposes almost all of the Great Society's "socialistic program."

Dear Santa

Each year we are asked by Mr. Santa Claus to help him with his Christmas mail. Many of the letters mailed to him are handed to us to print in the newspaper. This is done by the local Post Master who has the permission of the federal postal authorities.

A clipping of the letter we print is then sent to Santa Claus at the North Pole. Good boys and girls usually find that their Christmas wishes come true. We will publish them from time to time as we have done for years as space is available.

Dear Santa:
I want a wig with a curl, a flip and a dress. Carol, my sister, wants a Baby Boo and a step stool. We are good. How are you?

Economic Study Programmed By L.G. Chamber

The Lemon Grove Chamber of Commerce Tuesday instructed its president Alex Woods to develop an economic study of the community.

The instructions followed the approval of a report developed by Pat Grace, auto dealer, in which a long term community advertising promotion was outlined. Cmdr. Jesse Lee and Max Goodwin, newspaperman, assisted in preparing the report.

Grace had explained that it was necessary to find the "initial point" before any such undertaking should be made. The economic study would show "where we are now in comparison to where we were 10 years ago," Grace added.

In other business, the merchants division was expanded by three members and the president was instructed to work out an arrangement with County Board of Supervisors to share the Youth Center building on School Lane for a chamber of commerce.

The County had indicated that the rent would be free. The chamber pays \$100 a month for its present facility at Main near Broadway.

MONARCH MAULERS — Joe Rayburn (85) and John Daley (72) are two Monte Vista linemen who figure to give Santana's Sultans a rough battle Friday night. The Monarchs were edged by El Capitan, 14-13, last weekend while Santana lost to El Cajon, 32-6. Rayburn is a sophomore tackle. Daley is a junior tackle.

Business in all areas of operations at San Diego International Airport accelerated sharply in the first quarter of the new fiscal year, John Bate, port director, has revealed.

Increases in the final month of the quarter ranged from 10% to 32%, representing the most substantial gains of the year.

Victory May Be In Store For MV

Monte Vista's Monarchs played 46 minutes of winning football last Friday night.

However, the prep grid game is composed of 48 minutes and the remaining two minutes were all El Capitan's Vaqueros needed to send the Monarchs down to another Grossmont League defeat, 14-13.

Playing what coach Max McCartney called "the closet thing to football since I've been here," Monte Vista led until the closing two minutes of the first half.

Quarterback Bob Shook ran four yards in the second period to give the Monarchs a 6-0 lead before disaster struck.

Griffin Gridders Close Out Season

The Grossmont College Griffin close out their 1965 football season this Saturday when they travel to Escondido to meet the Palomar College Comets in an important Pacific Southwest Conference game. Currently tied for third in PSC after their 21-20 loss to champion San Diego City College last Saturday night in Balboa Stadium, the Griffins must beat the Comets

to stay in that position.

The game will pit two of the top ends and defensive backs in the PSC against one another.

The Griffins' Dave Nuttall, who currently leads all conference ends with 38 catches for 762 yards and 9 touchdowns, will oppose Palomar's highly-touted Bill Jaronek. Bill is also one off the loop's top pass defenders as is Nuttall, who has picked off 13 errant enemy throws.

Chess Players Face Tests

Chess players here will have a chance to match their wits against some of the world's greatest masters in tournaments to be held in Pacific Beach Nov. 19-23.

The Herman Steiner Memorial Tournament will be played in Pacific Beach from Friday evening, Nov. 19, through Tuesday morning, Nov. 23. A Mission Bay Open Tournament has been arranged as well for weekend players, beginning Friday evening and ending Sunday afternoon.

Grandmasters Pal Benko and Larry Evans, both former national title holders, will take part as well as Senior Master Anthony Saidy, a member of the last United States Olympic team. Many other strong players are expected to participate in these tournaments, in which a total of \$2,000 in cash prizes has been announced.

Charles Merrill Mount will present an illustrated talk, day, Nov. 2, at 8 p.m. at the "Sargent Reconsidered," Tues. Fine Arts Gallery of San Diego, Balboa Park. This lecture is open to the public free of charge.

Monarchs Ease Over Opponents

Monte Vista's cross-country runners won the large school championship at the Aztec Invitational last week with ease and should do the same Friday in a dual meet against Grossmont League foe Santana.

Mount Miguel takes on medium school titlist El Cajon in what should be a closer score. The Braves feature the league's finest individual runner in Armando Valencia.

The Monarchs scored 30 points to outdistance second-place Point Loma by 59 in the Aztec meet. Rodney Stephens was the individual race winner. Mount Miguel took sixth in medium schools competition.

Both Friday meets begin at 3 p.m. with El Cajon and Santana the host schools.

Griffin Harriers Meet San Diego CC

The Griffin Harriers of Grossmont College will jump back into Pacific Southwest Conference play Friday when they duel San Diego City College beginning at 3 p.m. on the City College course adjacent to the Ford Building in Balboa Park.

Grossmont will be entering the meet with an impressive showing under its belt.

Coach Ron Vavra's squad topped 11 other Southern California Junior Colleges to defend its small college Aztec Invitational Cross-Country title. The meet was held last Friday at San Diego State College.

Bob Lamorandier, Erich Russell and Phil Davis finished 1-2-3 for the Griffins.

Aztecs Resume Action Against Valley State

San Diego State resumes football action Saturday against California Collegiate foe San Fernando Valley State in the final league match for the Aztecs.

The 8 p.m. contest, to be played at Monroe High field in Northridge, will be broadcast back to San Diego via KOGO Radio with Al Coupee doing the play-by-play.

The Aztecs were idle last week after topping Fresno State, 26-7, the prior Saturday and will bring a 5-2 season record and 22 CCAA mark into the Matador game.

The Valley team whipped Cal Poly of Pomona, 27-16, last Saturday to increase its record to 2-6. The other win came from Whittier, 14-12, with losses to UC Santa Barbara, 20-0; Occidental, 25-12; San Francisco State, 27-0; Cal Poly (SLO), 33-0; Sacramento State, 26-0; and Cal State at Long Beach, 54-6.

The Aztec-Matador series dates back to 1962 when the Aztecs won, 39-0. The following

season, the Aztecs were hard-pressed to eke out a 21-6 decision and last year came through with a 53-0 win over the Matadors to take a 3-0 lead in their meetings.

Sophomore quarterback Bruce Lemmerman paces the Matador attack. The 6-1, 180-pounder had an outstanding effort against Whittier, rushing 24 times for 82 yards and a score and completing nine of 20 passes for 126 yards. He was named CCAA Player of the Week for his efforts.

Going into last weekend's contest with Pomona, Lemmerman was leading San Fernando in rushing (291 yards on 102 carries), passing (63 of 148 attempts for 566 yards), total offense (857 yards in 250 plays) and scoring (20 points).

Helping Lemmerman out in the backfield will be fullback Roger Kerr and halfback Bob Kelly. Chief receiver for the Matadors has been 5-11, 185 pound Tom Hohl who had 18 receptions for 133 yards prior to Saturday.

The Aztecs will count on the passing of Don Horn (94 of 154 attempts for 1,291 yards and 15 touchdowns); the rushing of tailback Nate Johns (619 yards on 71 carries) and the pass receiving of All-American Gary Garrison (48 receptions for 631 yards and eight touchdowns).

All three were CCAA leaders in last week's statistics. Tailback Don Shy, who had a 73 yard touchdown run at Fresno, is second in the league in rushing with 560 yards on 89 carries.

The Aztec defense will be led by All-American hopeful Larry Martin at middle guard and linemen Ken Madison, Wayne Bienhoff and Steve Joyner. Linebacker Cliff Kinney, who has had three straight outstanding games, also doubles as the Aztec punter and will take a 39.8 average into the contest, tops in the conference.

Possible 3-Way Tie In Western League

El Cajon's Sabers can throw the Western Football League into a three-way tie by beating league-leading San Fernando Valley Sunday at Valley Stadium.

The final regular league season game for the Sabers will begin at 2 p.m.

El Cajon bombed the Valley Freelancers, a non-loop opponent, last weekend, 54-0, as quarterback Dick Eschback threw for two touchdowns.

San Fernando Valley was beating Western League opponent San Pedro, 19-8, at the same time.

San Fernando's Eagles are 4-1 while El Cajon is 3-2. The third club in the title picture is Long Beach at 4-2.

Mixed Scotch Doubles Tournament Set For Weekend At Golden Bowl

This coming weekend, the 13th and 14th of November, all roads should lead to Golden Bowl in Spring Valley where the San Diego Women's Bowling Association will hold forth with its Annual Mixed Scotch Doubles Tourney.

Saturday, play will start at noon and will go on till the last entry has bowled. Sunday play will also start at noon but will terminate with the last squad teeing off at 10 p.m.

This year's tournament is a dual affair with the women's association hosting the Golden Bowl entrants while the Men's Bowling Association will host the tournament on the following weekend at Palm Bowl.

The price for this affair is a nominal \$2.80 per team and all profits derived from the tournament will be equally divided and turned over to each of the Bowling Associations.

Division winners for both weekends will receive beautiful trophies and all contestants will have a chance at the many door prizes that will be given away.

High scoring and difficult shots continue to excite bowlers and fans alike at Golden Bowl lanes in Spring Valley. Here are some high scores for the ladies:

Millie Kenover, a 215; Lila Gilbert, 224; Helen Finch, 226; and Dode Skedel, a 232.

Also credited with some difficult splits were Betty Hopper, who converted the 6, 7 and 10; Betty Hink, the 6 and 7; Marianne Papke, the 4 and 10; and Sharon Barbour, the 6 and 7.

For the men, Jack Barker rolled a 235 for a 615 series; Rich Specks rolled a 226 for a 631 series; Augie Walton, a 234 for a 615 series; Bill Smith, a 224, for 606 series; and Manuel Landaven, a 246 for a 595 series.

Here are league standings as of Monday of this week:

Nuggetters: 1. E. L. Thompson and Sons, 22-10; 2. Penny's Hairstyling, 21-11.

Big Four: 1. E. C. Young Const. Co., 17-4; 2. Draper Const., 12-9.

Paws and Squaws: 1. Team No. 4, with 18½-5½; 2. Team No. 1, with 15-9.

Business Men's Doubles: 1. Team No. 2, with 14-6; 2. Rat Finks, 13-7.

Alley Kats: 1. Wild Kats, 25-7; 2. Hep Kats, 20-12.

Golden Friendly Gals: 1. Pinky's Pals, 24-4; 2. The Panthers

ON THE RUN — Grossmont High's Gene Mitchell (14) attempts to evade Mount Miguel Matador tacklers in last Friday's Grossmont League prep grid contest between the two

Mt. Miguel Matadors At End Of Line; Must Beat El Cajon To Stay In Race

It will be a win-or-else situation for Mount Miguel's Matadors Friday night when they take on El Cajon's Braves in a Grossmont League grid encounter at 8 p.m. in Helix Stadium.

The Matadors were nipped by Grossmont's Foothillers, 20-19, last week to fall one game off the pace set by Grossmont, Helix and El Cajon.

Win Needed

If the Matadors pull out a win over El Cajon, they will be in a three-way tie for second, one game off the league-leading pace. Otherwise, all loop championship hopes will be down the drain.

Coach Perry Miller felt his Matadors played well last Friday but "everything they

(Grossmont) did was right." After trailing, 13-6, at halftime, Miguel made some changes in its defense and scored twice on offense in the third period to take a 19-13 lead.

Punt Blocked However, Grossmont blocked a Matador punt late in the last stanza and recovered in Mt. Miguel territory.

Brian Sipe bucked over from the one several plays later to defeat the Matadors.

Five From Here To Have Part In CCPT Meet

Five local residents will take part in the California Congress of Parents and Teachers which is held in Los Angeles Nov. 19. Mrs. G. D. Edwards of San Diego, state president, said district officers and chairmen will have an opportunity to meet with their state counterparts to review programs and make new plans.

The 9th District contingent will leave by chartered bus Nov. 18 at 2 p.m. and stay overnight at the Doric Motel in Los Angeles.

Among the local officers who will attend are: Virginia Long, district historian; Mrs. Byron Netzel, secondary service; Mrs. H. L. Nottingham, recreation; Mrs. Sam Gaglian, parent education; and Mrs. E. A. Gaskins, environmental.

Thirteen southern districts will be represented at the meeting. A similar one was held for the northern areas in September.

Avondale School Parents Coffee Set for Tuesday

Parents of seventh and eighth grade students residing in the Avondale area will attend a coffee at 9:30 a.m. on Nov. 18 at the home of Mrs. James D. Cook, 8215 Dorchester St., Spring Valley. Co-hostess will be Mrs. John Funk.

Mrs. R. M. Gilmartin, parent-education chairman of La Mesa Junior High School PTA, announces that Dr. W. B. Gardner, school principal, a teacher and a counselor will be in attendance at this meeting.

Modern Dancer To Give Demonstration-Lecture

Erick Hawkins, one of the foremost modern dancers in the United States, will give a demonstration-lecture at Grossmont College Monday. The demonstration will start at 11 a.m. in the College's Student Center.

There is no admission charge for this event to be held on the Fletcher Hills campus and the public is invited to attend.

Lifting Devices To Be Purchased For School Buses

The Lemon Grove School District board of trustees Monday night approved the purchase of a lifting device, at a cost of \$225, to convey physically handicapped students into school buses.

Purchase will be contingent upon drivers' ability to use the devices. Two wheel-chair students in Lemon Grove are regularly transported to El Cajon to a special school. A driver recently suffered a back injury as a result of lifting one of these children.

The board also learned that construction was stopped on baffle walls, on the shower and locker rooms at the L.G. Junior High School after the contractor attempted to install hollow block walls instead of reinforced concrete on which he made his bid.

Byron Netzel, school superintendent, said that district maintenance men will construct the walls.

Copying machines, the art by which school personnel temporarily become printers, are proving a problem at various district schools. The thermal copying machines do not perform as represented by the company, Paul Reynolds, district business manager told the board. The machines will not be accepted unless they are brought up to prescribed standards, the board agreed.
